Efficiency And Economy
Will Cost More

Postmaster General Red Blount predicts that the conversion of the Post Office from a cabinet department to a semi-independent public corporation will be completed by June 30. Blount loses his cabinet status July 1, but was elected by the corporation as chief of the system and chairman of the board. He accepted.

The Post Office is expected to have a \$1.5 billion deficit by the end of this fiscal year. All of the efficiency, streamlining and economies imputed to the new corporation are not expected to relieve that any time soon. Thus Blount said he expected an increase in rates by mid or late spring — with first-class mail rising by a third, from 6 to 8 cents. Under the Postal Reorganization Act, signed into law last August, the five-member rate commission is limited to a 33.33 per cent increase. In other words, you are going to have to pay for all that efficiency and economy that is supposed to follow the change-over.

Prediction: for the immediate future, the mail service will not be any better, only more expensive. When the corporation can announce that, because of its non-political management methods, we will receive both improved service and decreased rates, it will be time to cheer. Until then, hold your applause. — Montgomery (Ala.) Advertiser

Tiger's Loose

The Food and Drug Administration is planning to ask the Consumer Research Institute of Washington to devise the new can-labeling and package-labeling standards required by federal law.

The Consumer Research Institute of Washington is a non-profit lobby organization that receives most of its support from grocery manufacturers and other food businesses. Giving this group authority to come up with new consumer-protection standards is like giving a hungry tiger authority to police a beginning Weight Watchers club. — Winston-Salem (N.C.) Twin City Sentinel

Authentic Fake

A store in New York is advertising an "authentic fake elephant tail hair bracelet" made of solid copper. If you have to buy a fake anything, it's at least nice to know that it's an authentic fake. — Charleston (S.C.) News and Courier

Declares HEW Bribes School Districts

DALLAS, Tex. (AP) — John Norman Warnock of Camden, Ark., told members of the United Concerned Citizens of America that the federal government had "bribed" school districts to make comply with Health, Education and Welfare guidelines.

"HEW says either come up with a suitable plan or we'll cut off your funds," Warnock said. Warnock is the attorney for the Watson Chapel School Board, who complied with the guidelines after being threatened with punitive action for not following a court order to desegregate.

"HEW sent its vigilante lawyers to Pine Bluff, Ark., and summoned the school board and me to appear in court. Then they lined us up against a wall like a Nazi court and ordered me not to say another word about the Watson Chapel situation."

The meeting was held Saturday with representatives from six states. Dr. Mitchell Young of Texarkana, Tex., national UCCJ president, said, "We are going to cover America with our strength. They can knock us down but we're still going to fight until we have quality education for all children and restoration of our neighborhood schools to our school boards."

Public Votes Tuesday on School Issue

The annual school elections will be held throughout Hempstead Tuesday, March 9 and the polls open at 8 a.m. and close at 7:30 p.m.

The big issue in Hope District 1-A is a 10 mill tax increase from 40 to 50 mills. Also on the ticket will be one contested race for board member. For Post No. 2 Incumbent Jud Martindale is opposed by James T. Rowland of Fulton.

The only other tax issue in the county is Washington District which is asking a five mill increase from 40 to 45.

One race at Saratoga has four candidates. Seeking Post No. 1 is Incumbent Mrs. Mary Spates Goodman. She is opposed by J. K. Porter, Otis Morgan and Willie F. Lively.

At Washington Robert Pryor and William Munn seek Post No. 2.

Here is where Hope voters cast their ballots:

Box 1-A-Hope Fire Station.
Box 1-B and 1-C, Rocky Mount and Shover Springs at James Motor Co.
Ward 3-Box 5 and Cross Roads at Hope City Hall.
Box 4-A and 4-B at Hope Youth Center.
Box 2-A and 2-B and Guernsey at little courtroom at the Courthouse.
Box 1-D and Box 6 at Jones Field House.
Fulton, at the Library.

Objectors to Vietnam War Lose Round

By BARRY SCHWEID

Associated Press Writer
WASHINGTON (AP) — The Supreme Court today barred draft exemptions for men who claim they object in conscience to the Vietnam war but not to all wars. The vote was 8 to 1.

Justice Thurgood Marshall, delivering the court's opinion in two draft cases, said:

"We hold that Congress intended to exempt persons who oppose participating in all war, and that persons who object solely to participation in a particular war are not within the purview of the exempting section."

Marshall said this was true even if the objection to a particular war has "roots in a claimant's conscience and personality that is 'religious' in character."

Justice William O. Douglas dissented.

The draft decision dismissed claims brought by Guy P. Gillette, of Yonkers, N. Y., a self-described humanist, and Louis A. Negre, of Bakersfield, Calif., a Roman Catholic.

Both men contended their consciences did not permit them to fight in Vietnam. Gillette, 26, was sentenced to two years in prison for not reporting for induction. Negre, 23, is an Army veteran who was refused a discharge.

S. Vietnam Air Force Improving

WASHINGTON (AP) — U.S. Air Force officials predict the South Vietnamese air force will become self-sufficient in about a year for operations against enemy forces inside South Vietnam.

At the same time, the Americans say the Vietnamese pilots will be able to hit portions of North Vietnamese supply routes in Laos but they "will not have capability to go North and resume the bombing" by themselves.

The U.S. experts suggest that by spring of 1972 the U.S. Air Force role in Southeast Asia may be reduced chiefly to working over the more heavily defended parts of the Ho Chi Minh trail.

Withdrawal Plan Will Spur Debates About Number to Be Left

By LEWIS GULICK

Associated Press Writer
WASHINGTON (AP) — President Nixon's announcement next month of further troop withdrawals from Vietnam is likely to spur an already growing debate over what U.S. forces—if any—should remain for an indefinite period after 1972.

Nixon's announcement is expected to span several months of troop pullouts. As of a week ago official records indicated 326,200 U.S. troops were in Vietnam.

With U.S. forces in South Vietnam expected by defense officials to be down by nearly 100,000 over the next six months, and assuming subsequent withdrawals continue at their current rate of 12,000 a month, the number remaining by the end of next year would be under 50,000.

This falls within the general number of American troops many U.S. government experts envision as needed for an indeterminate period as the Saigon government moves toward self-sufficiency.

They say such a residual force is necessary not for ground combat-sizeable American action on the ground is already largely over—but for advising, training and to provide some logistics support.

The opposing view, expressed publicly by critics of Nixon's Vietnam policy, is that all U.S. troops should be brought home as quickly as possible. Keeping any troops there, they say, would only perpetuate a bad U.S. involvement.

Nixon so far has avoided a public commitment to any specific timetable for total withdrawal of American forces.

On the one hand he has said

Weather Is Due to Get Warmer

By THE ASSOCIATED PRESS
Warmer weather is expected in Arkansas through Tuesday with scattered showers by Tuesday afternoon mainly in the west portions.

Highs Tuesday should be in the low 60s northeast to upper 60s southwest. Highs today were expected mostly in the 50s.

Temperatures early this morning were at the freezing mark or below across the state. Lows tonight should be mostly in the 30s.

Clear skies were expected over the state today with considerable cloudiness Tuesday.

Overnight lows include Fayetteville 19, Harrison 24, Jonesboro 27, Pine Bluff 26, Memphis 30, Little Rock 25, Fort Smith 22, Texarkana 30 and El Dorado 24.

No precipitation was reported during the 24-hour period ended at 6 a.m.

Middle East Truce Ends, All Quiet

By THE ASSOCIATED PRESS

The war fronts between Israel and the Arabs were quiet today despite Egypt's refusal to proclaim an extension of the cease-fire.

A military spokesman in Tel Aviv said there was no fighting along the 103-mile Suez Canal. Journalists were barred from the area, but there were no indications hostilities would resume.

Israel had expressed willingness to extend the truce indefinitely. But Egyptian President Anwar Sadat announced hours before the deadline that his forces no longer would be bound by the cease-fire which first took effect last August. It expired at midnight Sunday.

The armed forces of Egypt, See MIDDLE EAST (On Page Two)

Union Agrees to Postpone Strike Plan

CLEVELAND (AP) — The United Transportation Union says it has agreed to postpone possible selective strikes against the nation's railroads pending a hearing before a federal judge Thursday.

Negotiations between the 150,000-member union of operating trainmen and the rail carriers broke down Saturday, posing the threat of selective strikes. The main obstacle in new contract talks was the issue of work rules.

A spokesman for the UTU said Sunday night that union President Charles Luna decided in favor of delaying possible strike action after U.S. District Judge Howard F. Corcoran agreed in Washington to hear both union and management positions, including the legality of selective strikes.

Negotiations between the 150,000-member union of operating trainmen and the rail carriers broke down Saturday, posing the threat of selective strikes. The main obstacle in new contract talks was the issue of work rules.

A spokesman for the UTU said Sunday night that union President Charles Luna decided in favor of delaying possible strike action after U.S. District Judge Howard F. Corcoran agreed in Washington to hear both union and management positions, including the legality of selective strikes.

Previous attempts at selective strikes in the rail industry have been prohibited by the courts on the grounds that unions bargaining industrywide must strike industrywide or not at all.

The UTU claims changes in work rules proposed by the railroads as part of a new contract would result in the elimination of many jobs.

"The federal judge requested no strike until 2 p.m. Thursday," a spokesman for the UTU said Sunday night. "He said he would hear a case on selective strikes if we didn't strike until then. Luna agreed. A strike threat does not exist until that time."

An official of the Burlington Northern in Chicago said the union had planned to strike the Burlington at 12:01 a.m. today.

The UTU has been free to strike since a congressional ban against a four-unions walkout expired at 12:01 a.m., EST, last Monday.

Nixon to LBJ Dedication

WASHINGTON (AP) — The White House says President Nixon probably will fly to Austin May 22 to attend ceremonies dedicating the Lyndon Baines Johnson Presidential Library and School of Public Affairs at the University of Texas.

2 Negro Churches Are Burned in Texarkana, 2 Others Are Bombed

AP News Digest

TEXARKANA, Tex. (AP) — Two Negro Baptist churches were destroyed by flames and two others were fire-bombed over the weekend in this Texas-Arkansas border city, scene of recent racial disorder.

Two of the churches burned early Saturday with damage estimated at \$375,000. One was fire-bombed later Saturday and another was the target of a fire bomb early Sunday.

Fire Marshal Ed Berbig, who said he expected a deputy state fire marshal to enter the investigation, told a newsman, "I can prove two of them were arson."

A wind-whipped blaze early Saturday destroyed the city's largest Negro church, Mount Orange Baptist. The big cinder block building was reduced to ruins and its pastor estimated damage at \$200,000.

As firemen were preparing to leave the first blaze, an alarm was turned in for another fire at St. Paul Baptist Church.

The Rev. B.C. Green, pastor at St. Paul, said he and other persons heard what sounded like an explosion at the rear of the church. "The entire rear section of the church was in flames when we heard the noise," he said. He estimated damage at \$175,000.

Two crusading policemen found a fire bomb burning in a pew of New Town Baptist Church.

They extinguished the blaze with hand fire extinguishers. At Holly Chapel Baptist Church, a fire bomb Sunday morning charred the pulpit and the church Bible, then burned itself out without further damage.

Berbig said he had sent evidence in the fires to the FBI laboratory in Washington.

Racial antagonism flared in Texarkana Feb. 17 when a fight between blacks and whites began in the school cafeteria and there was a confrontation on the school grounds.

Reynolds Gives Bryant Land

BRYANT, Ark. (AP) — Richard S. Reynolds, chairman of the board of Reynolds Metals Co., Sunday presented Bryant Mayor Dean Boswell with the deed to 80 acres of wooded property to be used as a park and recreation area.

The site, located east of the city, will be called the Wilbur D. Mills Park.

Attending dedication ceremonies at the park Sunday were Lt. Gov. Bob Riley, and Reps. Wilbur D. Mills and David Pryor, both D-Ark.

Key Points on Supply Road Seized

By GEORGE ESPER

Associated Press Writer
SAIGON (AP) — The commander of South Vietnamese forces in Laos said today that his troops have seized three main junctions on the Ho Chi Minh trail and are achieving two objectives of their drive—destroying North Vietnamese bases and cutting the supply network.

Speaking to newsmen at his forward headquarters in Ham Nghi, Lt. Gen. Hoang Xuan Lam said his troops had advanced to road junctions at Ban Dong, Muong Nong and Sepone.

Sepone, a main supply hub on the trail 25 miles inside Laos, was reported taken by South Vietnamese troops Saturday. Ban Dong is about halfway between the border and Sepone, on east-west Highway 9, while Muong Nong is 20 miles south of Ban Dong.

Lam said the enemy supply trail was well defended by artillery, antiaircraft batteries and engineers.

"Prior to our progress into Laos," he continued, "the trail would be repaired within hours after an air strike, but our presence there makes repair impossible."

"We also discovered a pipeline which supplied enemy convoys with fuel. There had been thousands of vehicles operating on the trail, but the presence of our troops has caused a sharp decline in vehicular traffic. Since the occupation of Sepone and Base Area 914, enemy vehicle traffic has been reduced to a minimum."

The commander praised the U.S. air support in Laos, especially the strikes by B52s and fighter-bombers in the drive on Sepone. He said 300 to 400 enemy bodies had been found and more than 30 antiaircraft guns had been knocked out at Sepone by air strikes.

"The operation could not have been carried out without U.S. air support," Lam said.

Waves of U.S. warplanes kept up heavy attacks on the Ho Chi Minh trail today as the allied campaign in Laos began its fifth week.

A South Vietnamese communiqué said troops of the 1st Infantry Division sweeping five miles southeast of Sepone found the bodies of 112 North Vietnamese soldiers killed by U.S. B52 heavy bombers.

No major ground fighting was reported.

For the second consecutive day, sources said U.S. warplanes flew about 1,000 missions in Laos, Cambodia and South Vietnam. About half of the force was composed of strike aircraft, the rest were combat support air craft.

The sources said about 300 of the strike missions were in direct support of the 20,000 South Vietnamese troops operating in southern Laos from the border to Sepone, the major enemy transshipment point 25 miles west of the border.

"There is one strike sortie by tactical planes every five minutes," said one source. He said the full force of U.S. air power was needed because the South Vietnamese troops are spread thin and do not have enough artillery.

South Vietnamese commanders claimed the allied air and ground offensive is killing 14 North Vietnamese for every South Vietnamese killed. In a summary of the first four weeks, the headquarters in Quang Tri said 6,052 North Vietnamese and 435 South Vietnamese had been killed in Laos.

Charges Filed in Accident

Late Friday at 6th and Main Streets autos driven by Jack R. Turner and Johnny James collided with very heavy damage resulting to both vehicles. City Officers Ward, Sulzer and McCulley charged James with driving while intoxicated.

Search for Kidnapers in Ankara

By NICK LUDINGTON
Associated Press Writer
ANKARA, Turkey (AP) — The search for four U.S. airmen and their terrorist kidnapers shifted today to Ankara's upper-class residential districts after searchers found no clues at a local university campus.

A government spokesman said the 2,000 police and militia are working on the theory that the kidnapers are university students or graduates of middle-class background. They are assumed to be hiding with friends who sympathize with their extreme leftist views.

"They are not hiding in slums," the spokesman said. "They are hiding in some plush home. This makes the search difficult."

He said the interior minister is certain the kidnapers will be caught soon "because the net around Ankara is extremely efficient."

There was no word from the Turkish People's Liberation Army whether it had carried out its threat to put the Americans before a firing squad unless \$400,000 ransom was paid by last Saturday morning, two days after the kidnaping. The Turkish government contends the terrorists are bandits and refuses to negotiate, and an American spokesman said Sunday the kidnapers had not contacted the U.S. Embassy.

The airmen are S. Sgt. Jimmie J. Sexton of San Angelo, Tex., and Airmen 1c. Richard Caraszi of Stamford, Conn.; Larry J. Heavner of Denver; and James M. Gholson of Alexandria, Va.

They had just left a U.S. Air Force radar and communications installation for their billets early Thursday when their car was stopped.

Job Tests Ruling by U.S. Court

By DON McLEOD
Associated Press Writer
WASHINGTON (AP)—The Supreme Court ruled today that job tests which screen out blacks without realistically measuring their qualifications for the job are unconstitutional.

The 8 to 0 decision ruled out such things as general intelligence tests and educational requirements which cannot be directly related to the job in question.

The ruling came in the appeal of 13 Negro employees of the Duke Power Co.'s Dan River steam station at Draper, N.C., who said such requirements kept them from advancing to jobs held by whites.

The opinion by Chief Justice Warren E. Burger said the company had practiced preference for whites in job assignments prior to the 1964 Civil Rights Act.

After that, Burger noted, the company required high-school diplomas for assignment to any department except its labor department, the only branch of the plant in which blacks were employed. Satisfactory scores on aptitude and intelligence tests also were required.

Negro employees, who said the tests and diploma requirements

Six Killed in Crash at Harrison

HARRISON, Ark. (AP) — A Fayetteville orthodontist, Dr. Phil Deal, 42, and five members of his staff were killed Saturday morning in a private plane crash at the Boone County Airport.

Officials said Deal was attempting to land the plane when the accident occurred during one of his weekly trips to Harrison to treat patients.

Witnesses said the plane nosed into the ground at the end of the runway and flipped over. It did not burn, and officials said that ice had covered the wings. At the time of the accident, it was raining, which later turned to sleet.

The other victims were identified as Shirley Roark, 22, of Springdale; Janet K. Bowerman, 18, of Fayetteville; Janet M. Mize, 22, of near Springdale; Donna Letsch, 17, of Springdale and Mary Hungate, 27, of Fayetteville.

An investigation is continuing.

MIDDLE EAST

(From Page One)

Jordan and Syria went on alert. There was no official word on Israel's military readiness, but observers assumed the army was on combat alert at the canal and on other fronts.

The Egyptian government charged that Israel had deployed new artillery, armor, rocket pads and air force squadrons in the Sinai desert. Cairo also announced that Egyptian army and air force units had completed 48 hours of maneuvers with live ammunition.

The Jordanian army's chief of operations, Brig. Zeid Ben Shaker, said all his troops and armor were positioned along the Jordan River, the cease-fire line with Israel.

He said he did not believe fighting would break out at once, "but if Egypt chooses to go to war right away, we shall certainly fight on her side."

An Israeli source said Syria, which was not included in the truce pact, had moved armored reinforcements into the Golan Heights area on the biggest scale since the 1967 war. He said the concentrations seemed "greater than those needed for defense."

The Israelis said several rockets were fired from Syrian territory at an Israeli collective farm on the heights about two hours before the cease-fire ended. No casualties were reported. Such rockets frequently are used by guerrillas.

Premier Saeb Salam of Lebanon pledged his country's support to Egypt, and a government spokesman in Khartoum said Sudan would go to Egypt's aid if new fighting erupted.

Sadat said he had decided not to extend the cease-fire after conferring with Soviet leaders during a secret visit to Moscow last week.

Spending on Campaigns Debated

By H.L. SCHWARTZ III
Associated Press Writer
WASHINGTON (AP) — Senate testimony so far has drawn sharp lines between well-heeled Republicans and debt-ridden Democrats on what may be one of this year's hottest political issues: How to control campaign spending.

Democratic members of the Senate Communications subcommittee and party colleagues who testified before them in a week of hearings made it clear they want strict spending limits for advertising, especially over radio and television.

The Democratic party is \$9.3 million in debt. It is generally acknowledged Hubert H. Humphrey's inability to match Richard Nixon's television blitz in the waning days of the 1968 campaign contributed mightily to his defeat.

With the GOP war chest still bulging, however, Republican witnesses made it clear they think full disclosure—not ceilings—is the best route to cut spending.

The biggest question at this stage of the game is where President Nixon stands.

Last fall Nixon vetoed a bill that would have imposed a seven-cents per voter limit on broadcast spending, while also repealing the so-called equal time provision of the Federal Communications Act to permit televised debates between presidential contenders.

In his veto message, Nixon said the bill "plugs one hole in a sieve." He said spending limits should include all media not just broadcasters.

Democrats say they are skeptical any bill can get by the President. They privately indicate Nixon wishes not only to preserve the GOP's money advantage, but wants to avoid being forced to debate with his '72 Democratic opponent.

Both Senate Republican Leader Hugh Scott and Sen. Robert J. Dole of Kansas, the GOP national chairman, endorsed repeal of the equal time provision during testimony.

The most sweeping measure before the subcommittee was introduced by Senate Democratic Leader Mike Mansfield.

It provides for strict limits on media spending, full disclosure of contributions and expenditures, repeal of the equal time clause and a small tax break for political contributors.

The first law school was founded at Bologna, northern Italy, in the 1200s.

Auto Comes to Stop in Jolting Manner

Later Friday night an auto driven by Charles Phillip Butler Jr. crashed into a light pole, toppling it and finally came to a sudden halt as shown above. Electrical crews had to be called out.

Butler and a passenger, Ray Wheelington, were painfully injured and are being treated in a local hospital.

Six Killed in Crash at Harrison

HARRISON, Ark. (AP) — A Fayetteville orthodontist, Dr. Phil Deal, 42, and five members of his staff were killed Saturday morning in a private plane crash at the Boone County Airport.

Officials said Deal was attempting to land the plane when the accident occurred during one of his weekly trips to Harrison to treat patients.

Witnesses said the plane nosed into the ground at the end of the runway and flipped over. It did not burn, and officials said that ice had covered the wings. At the time of the accident, it was raining, which later turned to sleet.

The other victims were identified as Shirley Roark, 22, of Springdale; Janet K. Bowerman, 18, of Fayetteville; Janet M. Mize, 22, of near Springdale; Donna Letsch, 17, of Springdale and Mary Hungate, 27, of Fayetteville.

An investigation is continuing.

MIDDLE EAST

(From Page One)

Jordan and Syria went on alert. There was no official word on Israel's military readiness, but observers assumed the army was on combat alert at the canal and on other fronts.

The Egyptian government charged that Israel had deployed new artillery, armor, rocket pads and air force squadrons in the Sinai desert. Cairo also announced that Egyptian army and air force units had completed 48 hours of maneuvers with live ammunition.

The Jordanian army's chief of operations, Brig. Zeid Ben Shaker, said all his troops and armor were positioned along the Jordan River, the cease-fire line with Israel.

He said he did not believe fighting would break out at once, "but if Egypt chooses to go to war right away, we shall certainly fight on her side."

An Israeli source said Syria, which was not included in the truce pact, had moved armored reinforcements into the Golan Heights area on the biggest scale since the 1967 war. He said the concentrations seemed "greater than those needed for defense."

The Israelis said several rockets were fired from Syrian territory at an Israeli collective farm on the heights about two hours before the cease-fire ended. No casualties were reported. Such rockets frequently are used by guerrillas.

Premier Saeb Salam of Lebanon pledged his country's support to Egypt, and a government spokesman in Khartoum said Sudan would go to Egypt's aid if new fighting erupted.

Sadat said he had decided not to extend the cease-fire after conferring with Soviet leaders during a secret visit to Moscow last week.

Spending on Campaigns Debated

By H.L. SCHWARTZ III
Associated Press Writer
WASHINGTON (AP) — Senate testimony so far has drawn sharp lines between well-heeled Republicans and debt-ridden Democrats on what may be one of this year's hottest political issues: How to control campaign spending.

Democratic members of the Senate Communications subcommittee and party colleagues who testified before them in a week of hearings made it clear they want strict spending limits for advertising, especially over radio and television.

The Democratic party is \$9.3 million in debt. It is generally acknowledged Hubert H. Humphrey's inability to match Richard Nixon's television blitz in the waning days of the 1968 campaign contributed mightily to his defeat.

With the GOP war chest still bulging, however, Republican witnesses made it clear they think full disclosure—not ceilings—is the best route to cut spending.

The biggest question at this stage of the game is where President Nixon stands.

Last fall Nixon vetoed a bill that would have imposed a seven-cents per voter limit on broadcast spending, while also repealing the so-called equal time provision of the Federal Communications Act to permit televised debates between presidential contenders.

In his veto message, Nixon said the bill "plugs one hole in a sieve." He said spending limits should include all media not just broadcasters.

Democrats say they are skeptical any bill can get by the President. They privately indicate Nixon wishes not only to preserve the GOP's money advantage, but wants to avoid being forced to debate with his '72 Democratic opponent.

Both Senate Republican Leader Hugh Scott and Sen. Robert J. Dole of Kansas, the GOP national chairman, endorsed repeal of the equal time provision during testimony.

The most sweeping measure before the subcommittee was introduced by Senate Democratic Leader Mike Mansfield.

It provides for strict limits on media spending, full disclosure of contributions and expenditures, repeal of the equal time clause and a small tax break for political contributors.

The first law school was founded at Bologna, northern Italy, in the 1200s.

SOCIETY

Phone 777-3431 Between 8 a.m. and 4 p.m.

Calendar of Events

Tuesday, March 9

Regular monthly meeting, of Faith Sunday School class of First Baptist Church, will be Tuesday, March 9 at 7:30 p.m. in the home of Mrs. Carl Bramlett with Mrs. Opal Hervey and Mrs. Roy Mouser as co-hostesses. All members and associate members and prospects are urged to attend.

Chapter AE, P.E.O., will meet at 2 p.m. Tuesday, March 9 in the home of Mrs. Jim McKenzie with Mrs. H.O. Kyler, co-hostess.

The Deborah Class of the First Baptist Church will have a potluck luncheon at the church at 12 noon Tuesday, March 9. Please note the change in meeting time.

Wednesday, March 10

The Hope Lilac Garden Club will meet at 12:30 p.m. Wednesday, March 10 in Blevins at the home of Mrs. P.C. Stephens. Co-hostesses: Mrs. N.P. Nesbitt, Mrs. Lelia Jordan, Mrs. W.D. Coheane, Mrs. Rex Taylor. Members are asked to bring bulbs and plants to sell within the club.

Thursday, March 11

The Hope Ladies Golf Association will meet Thursday, March 11 at the Hope Country Club. Golf will be played in the morning and the afternoon, and lunch will be served at 12 noon. Mrs. Albert Bray will be hostess.

The Hope B&PW Club will have a dinner meeting Thursday, March 11 at 7 p.m. at the Diamond. "Education" is the program topic according to Donna Smith, chairman, assisted by Mary Walker, Margaret Park and Betty Jane Foster.

LOSE 20 POUNDS IN TWO WEEKS!

Famous U.S. Women Ski Team Diet

During the non-snow off season the U.S. Women's Alpine Ski Team members go on the "Ski Team" diet to lose 20 pounds in two weeks. That's right - 20 pounds in 14 days! The basis of the diet is chemical food action and was devised by a famous Colorado physician especially for the U.S. Ski Team. Normal energy is maintained (very important!) while reducing. You keep "full" - no starvation - because the diet is designed that way! It's a diet that is easy to follow whether you work, travel or stay at home.

This is, honestly, a fantastically successful diet. If it weren't, the U.S. Women's Ski Team wouldn't be permitted to use it! Right? So, give yourself the same break the U.S. Ski Team gets. Lose weight the scientific, proven way. Even if you've tried all the other diets, you owe it to yourself to try the U.S. Women's Ski Team Diet. That is, if you really do want to lose 20 pounds in two weeks. Order today. Tear this out as a reminder.

Send only \$1.00 (\$1.25 for Rush Service) - cash is O.K. - to: Ski Team Diet, 279 Sheffield Dr., Dept. ST, Santa Barbara, Calif. 93103. Don't order unless you expect to lose 20 pounds in two weeks! Because that's what the Ski Team Diet will do!

Bible Class to

Observe President's Day The Century Bible Class of the First United Methodist Church of Hope will observe Past Presidents' Day on Sunday, March 14, according to Don Worthy, president.

At the regular meeting hour, the class will hear a devotion by R.E. Jackson and the lesson by Judge Royce Weisenberger. Mrs. Don Johnson and Mrs. Elmer Brown will have Special Music, and there will be presentation of plaques in memory of Past Presidents Cliff W. Bridgers, Jim Pruden and Herbert Griffin.

Immediately following church service, there will be a Dutch Treat Luncheon at the Town and Country honoring all past presidents. All class members and their wives are invited.

Rose Garden Club Tour

A Pilgrimage to Washington was enjoyed by the Rose Garden Club on Friday, March 5. Members were met by Mrs. W. I. Stroud and directed to the old school, where a business meeting was held.

Club President Mrs. J.H. Gunter led in reciting the Club Collect, and Mrs. Jack Arnette gave a Yard of the Month report. Giving an aquarium to the School of Hope and securing bulbs for planting at the Douglas Building were club projects discussed.

Mrs. Herbert Dodson distributed schedules for the Spring Flower Show, "Happiness Is . . .", to be presented April 29, and plans were made to assist other garden clubs in decorating the tables for the Chamber of Commerce Banquet March 16. Mrs. Gunter announced that Hope was second in the district judging for the Sears Award and had received \$35; Hot Springs was first.

The meeting place was attractively decorated with potted plants, including giant geraniums. Camellias were seen on the table where cookies, mints and coffee were served by Mrs. Dodson, assisted by Mrs. Charles Haynes.

A tour of the countryside was then taken, and the group viewed the Daffodil Trail with enthusiastic appreciation.

Bridge Club Meets

Jonquills were at the home of Mrs. Charles Harrell, when she was hostess to her Friday Bridge Club on March 5. After the two tables of club members had concluded play, Mrs. R. E. Jackson and Mrs. H.C. Whitworth were the high scorers.

Notice

Explorers No. 92 Scouts of the Presbyterian Church will not meet March 9 due to school election.

All members are asked to be present on March 16 as election of officers will be held.

Coming, Going

Mr. and Mrs. Arch Wylie, Mr. and Mrs. Bin McRae, and Mr. and Mrs. Travis Ward went to Houston this weekend, attended the rodeo and visited Mrs.

HELEN HELP US!

by Helen Bottel

SWEETS FOR THE SWEET SHOULD CEASE FOR THE OBESE

Dear Helen:

For 15 years, my husband has given me candy on Valentine's Day. This February, he gave me an exerciser—one of those machines for firming up and losing weight. Is he trying to tell me something? —HALF GAINER

Dear Gainer:

If the machine fits—use it.

Margaret Roberts.

Mr. and Mrs. Frank King are in Ft. Worth visiting their little grandson, Alan Purdy.

Hank Braddock of Cincinnati, O., and Julian Fite of Muskogee, Okla., were guests of the Hope Rotary Club at their meeting on Friday.

Mrs. Frances Reynerson of Amarillo, Tex., formerly of Hope, underwent surgery last Thursday at High Plains Baptist Hospital in Amarillo.

Mr. and Mrs. Haskel Jones went to the dedication and tour of the Aquadome last Saturday in Texarkana.

The Rev. and Mrs. Milburn Burrow and 3 sons, Atoka, Okla., have been visiting Mrs. Esta Burrow and the James Connelly family.

Mr. and Mrs. Giles Foster spent last week-end in Greenville, Miss. visiting their son Bobby Foster and family.

Art Forgery

The largest sculpture art forgery ever detected was an eight-foot-tall reproduction of a five-inch Greek bronze statuette of a warrior, which was in the New York Metropolitan Museum of Art for 40 years before being proved false in 1961.

Maybe your husband figures, "Candy is dandy, but an exerciser is wiser."—H.

Dear Helen:

My wife goes for a different kind of women's lib, the Jackie type—as in "liberating" Ari's money! She spends like there was no tomorrow. And she thinks credit cards have no ceiling.

See, she was raised rich. What she wanted, she got. And, after we were married, she could still run to Daddy every time my paycheck wouldn't stretch, and can't understand why I'm so stubborn about it.

I insist on paying my own bills and living on MY money, not his. —RIGHT OR WRONG?

Dear R. or W:

Right!

Credit cards and joint checking accounts are for mature adults who can use them sensibly. Your wife is still a pampered little Daddy's girl. Maybe an outside job would help her grow up. —H.

Dear Helen:

What good is it to rate a movie "X" then show it at a drive-in where kids can gather on a hill above and watch the whole thing free?

A favorite teen-age parking spot today overlooks our town's bluest open air theater. Sure, they can't hear the words, but actions speak louder than . . .

What can be done? —MAD DAD

Dear Mad:

A legislator has already introduced a bill, hoping to ban X-rated outdoor movies.

...You might write a letter to your City Council. —H.

Dear Helen:

I'm expecting our first child in a few weeks. My husband has had three by a former wife, and I have two by my first husband, so we aren't new at this.

So why is it that my husband has refused to come near me in bed since I was four months pregnant? He says it might hurt

Recently Mrs. Mary Turner, R.N., instructed Girl Scout Cadette Troop 75 on Artificial Resuscitation and External Cardiac Compression. Using the the Rescue Unit's Resusit-Anne, the group learned how much strength and breath is required to revive a victim.

Left to right: Nalda Patton, Carla Carey, Shirley Shynard, Vickie Perkins, Debbie Petre, Pam Neel, Mrs. Earl Whitaker, Bonnie Roy, Sandra Whitaker, Jan Dillard, Bridgett Adams, and Mrs. Turner. Present but not in picture were Jodi Duncan and Mrs. Kenneth P. Petre.

the baby, but I fear it's because he no longer loves me. He goes out a lot, although he's very sweet to me when he's home—much nicer than before, when we fought constantly. You see, he wasn't very true to me. I found him with several cheapies before he calmed down.

One more thing: He had a stubborn infection and, after four

doctors, one finally found this gonorrhea. What do you think?—REJECTED

Dear Rejected:

I think your last paragraph tells the tale and I hope you have been thoroughly checked and treated. Until your husband is sure he is cured, it's essential that he continue to keep his distance. —H.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — There came a time on Sunday afternoon when a television viewer, flipping around the dial in quest of an hour or so of amusement, had a choice of hockey, basketball, golf, tennis—and two very elderly movies.

No matter what one may think of half-time shows of football games and those dreary interviews on the sidelines while basketball players catch their breath, the television industry covers sports events very satisfactorily from the casual viewer's setside seat and certainly seems eager to give us all the sport we can absorb.

Of the games now in season, hockey seems to be both easy to follow and far and away the most violent—a mass of fast-moving bodies and flailing sticks.

Basketball, also easy to follow, is a fair exciting exhibition of skill and speed. Golf presumably has a special following—a veteran sportscaster called it the most difficult sport for which to provide a running commentary.

In addition to Sunday's live coverage of an assortment of sports—even the educational stations got into the act with the National Indoor Tennis Championship matches.

Johnny Carson entered a hospital Sunday with what NBC described as "a mild case of hepatitis." Joey Bishop, once a Carson rival, has been enlisted to substitute for Johnny.

THOUGHTS

The end of the matter; all has been heard. Fear God, and keep his commandments; for this is the whole duty of man.—Ecclesiastes 12:13.

12:13.

To let oneself be bound by a duty from the moment you see it approaching is part of the integrity that alone justifies responsibility.—Dag Hammarskjöld.

Give instructions to a wise man, and he will be still wiser; teach a righteous man and he will increase in learning.—Proverbs 9:9.

Will is the master of the world. Those who want something, those who know what they want, even those who want nothing, but want it badly, govern the world.—Ferdinand Brunetiere, French critic.

"For as the heavens are higher than the earth, so are my ways higher than your ways and my thoughts than your thoughts."—Isaiah 55:9.

A little general learning has come to be a useful thing in a world where from its infrequency it has ceased to be dangerous.—William C. Brownell, author.

Stephens Licks Stamps for A Title

LITTLE ROCK (AP) — Stephens avenged two earlier defeats this year by beating Stamps 47-45 Saturday in the finals of the Class A senior boys state basketball tournament at Little Rock's Barton Coliseum.

Grayling Thorn made four free throws in the final 63 seconds to boost Stephens to victory. Stamps had a chance to take the lead with seven seconds left, but Ron Garner's jump shot missed. Terry Yarbrough grabbed the rebound for the Roadrunners and was fouled. His free throw clinched the victory.

Stamps battled back from a 28-21 halftime lead and gained a three-point advantage entering the final quarter.

Stephens took over the lead again with 2:10 remaining on the shooting of Yarbrough, Ralph Porchia and Larry Banks.

Banks led Stephens with 16 points. Yarbrough added 15 and Porchia 10.

Danny Speer had 15 for Stamps and Ron Garner contributed 11.

Stephens finished the season with a 28-4 record and Stamps ended at 28-2.

Here's How Top Teams Came Out

- LITTLE ROCK (AP)—Here's a look at how the top ten high school basketball teams in the Associated Press poll fared last week.
1. Horace Mann lost to Little Rock Central 79-74 and beat North Little Rock Northeast 92-56.
 2. Hot Springs beat Little Rock Parkview 70-63 and Texarkana 89-87.
 3. Northside beat Little Rock Central 48-45.
 4. Tuckerman lost to Stephens 54-49.
 5. Harrison beat Huntsville 81-46, Valley Springs 78-57 and Subiaco 67-54.
 6. Blytheville beat Jonesboro 71-52.
 7. Stamps beat Bay 72-64, Lavaca 56-44, Green Forest 48-42 and lost to Stephens 47-45.
 8. North Little Rock lost to Hall 74-73 and beat Pine Bluff 62-55.
 9. Stephens beat Tuckerman 54-49, White Hall 53-43, Salem 75-54 and Stamps 47-45.
 10. Magnet Cove beat Hazen 68-57 and lost to County Line 70-54.

150 Drivers Expected at Stuttgart

STUTTGART, Ark. (AP) — The Annual Grand Prairie-Great Prix rally for sports cars will be held here April 17-18.

The national championship sports car racing event was begun in Stuttgart in 1959, but was canceled in 1970 because of huge increases in insurance premiums and because new racing regulations could not be met in time for last year's event.

About 150 drivers are expected to compete on the 2.2-mile course at the Stuttgart Municipal airport for points which will award them to race in the national Road Race of Champions in September.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory and hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Sunday	6:00		6:15	12:35

TCU Meets Notre Dame in Playoffs

By THE ASSOCIATED PRESS
Eugene "Goo" Kennedy will be ready for Notre Dame this weekend.

That point came in question Saturday when Kennedy, Texas Christian's All-Southwest Conference star crashed onto the court with a back and ankle injury.

Kennedy had to leave the game and the Frogs eventually lost their season finale 79-78 to Southern Methodist, although the Frogs' SWC championship was not endangered.

TCU trainer Larry Bradley said Sunday night that Kennedy received a severe muscle strain in his back but the ankle was not badly hurt and did not swell.

Bradley said Kennedy's back likely would be sore for a couple of days, but that he would be "good as new" by Saturday when the Frogs tangle with the Irish in the pre-Midwest Regional NCAA basketball playoffs at Houston.

TCU Coach Johnny Swaim said he didn't think the final loss to SMU would hurt the Frogs' momentum going into the playoffs. But the victory certainly helped the Mustangs and their retiring shooting champ Gene Phillips.

"It was the best victory of the year," said Phillips, who canned 34 points in the Pony victory. "What a way to end it. Everybody played well. It's tough to get up for the last game when you're out of the race. We all got up and played just like it was the first game."

In another season finale Saturday Baylor edged Texas Tech 79-78 to win second place with a 10-4 record and still hold out hopes for an invitation to the National Invitation Tournament in New York. More invitations were expected to be offered today.

Texas surprised Rice 94-88 in the only other action on the league's final night. Baylor finished the season with the best overall record at 18-8.

Tech and SMU each had 16-10 season records and were third and fourth in the SWC with 9-5 and 8-6 records. Rice and Texas were next at 6-8 followed by Texas A&M 5-9 and Arkansas 1-3.

Selections to the All AIC Team

LITTLE ROCK (AP) — Gerald Lockett of Arkansas AM&N, Danny Davis of Henderson, David Combs of Arkansas Tech and Bill Barnes of Southern State were unanimous selections to the All-AIC basketball team announced Saturday.

Others named to the team were Tommy Morrison of Arkansas A&M; Jerry Hankton of Tech; Joe Byrnes of AM&N; Mike Peterson of Henderson; Al Flanagan of Southern State and Tommy Patterson of Ouachita.

for a tie by bombing Michigan State 88-83.

Marquette, ranked No. 2 in the nation, and Penn. the No. 5 club, prepped for their playoff clashes with victories Saturday that wound up their seasons unbeaten. Marquette clouted Xavier of Ohio 76-58 to extend its two-year winning string to 38 and Penn finished the regular campaign with a 26-0 mark after taking Columbia, 70-58.

Fourth-ranked Kansas beat Oklahoma 54-52 to win the Big Eight title and clinch a second-round berth in the NCAA playoffs. The Jayhawks' 17th straight victory marked their longest winning streak in 35 years.

Sixth-ranked South Carolina, No. 8 Kentucky and No. 10 Fordham, also won Saturday night. South Carolina beat Wake Forest 88-73; Kentucky turned back Tennessee 84-78 and Fordham hammered Fairfield 75-59.

In the other major college post-season tournament, the NIT at New York, more selections are expected to be made this week. Providence, Massachusetts, Dayton, St. Bonaventure and Tennessee have been chosen by the selection committee thus far.

The two small college tournaments also get underway this week—the NAIA today at Kansas City and the NCAA College Division Thursday.

NAIA Gives

Award to

Henry Iba

KANSAS CITY (AP) — The National Association of Intercollegiate Athletics has presented its distinguished service award to Henry Iba, former Oklahoma State University and three-time Olympic basketball team coach.

Iba, in his 52nd year in basketball, will coach the 1972 Olympic team this summer although he retired last year at Oklahoma State.

At the NAIA tip-off dinner Sunday night, Iba said the zone defense will come on strong in the next four years.

Snead Wins Doral Golf Tournament

MIAMI (AP) — "Gotta get me some tomato cans," grinned Carlyle Snead.

It's a family tradition. Straw-hatted Sam Snead has long been known as the Jack Benny of pro golf, a drawling miser who stuffed his millions into tomato cans and buried them.

That was yesteryear. Slammin' Sam is fast becoming known as Cracklin' Carlyle's uncle.

Nephew Carlyle shot a wind-up 69 Sunday to win the Doral-Eastern Open's top prize of \$30,000. Two weeks earlier the 29-year-old upstart took the Tucson Open and \$22,000.

Sam? He tied for 51st at wind-whipped Doral County Club and tried not to spend his \$214.29 in one place.

"Uncle Sam really isn't cheap," said Suzie Snead, shapely blonde wife of the golf tour's newest hero. "People used to order drinks and Sam got stuck with the check. He just got smart, that's all."

The elder Snead, still swinging sweet at age 58, was packed and gone when nephew Carlyle marched home a winner in this \$150,000 tournament.

"He gave me some advice," said Carlyle of Sam, "But it's something you can't print."

Most of Sam's advice is that way, they say.

Carlyle, onetime \$500-a-month minor league baseball player, had rounds of 70-70-66-69, a 13-under-par 275 on the not-so-monstrous Blue Monster course at Doral.

Slim, cool Gardner Dickinson rolled in a seven-foot birdie putt just ahead of Snead on the fabled 437-yard 18th hole. It made Carlyle get a par to win by one over Dickinson's 276.

As Snead lined up his approach to the final green, a "clown in the bleachers yelled, 'Miss it.'"

Carlyle said, "I'm shooting for \$30,000 and some guy is yelling for me to miss it. It made me hot and I said to myself, 'I'm gonna show you.'"

Snead rapped the shot within 12 feet of the cup, rimmed out his birdie putt and flicked in a two-incher for the victory.

Asked what the \$52,000 in three weeks meant to his career, the quiet Virginian simply slapped his hip pocket . . . where the wallet goes.

Sam would've been proud.

Arkansas Horse Wins Spa Feature

HOT SPRINGS, Ark. (AP) — Sado, owned by W. C. Partee, was the winner of Saturday's \$25,000 Southland Handicap at Oaklawn Park.

Sado, who established himself as the early favorite for this year's \$50,000 Oaklawn Handicap, ran the one mile and 70 yards in 1:41 4-5. As second choice in the betting, Sado paid \$7.60, \$4.80 and \$3.40.

Charlie Jr. finished second to pay \$6.60 and \$4.20 and the favorite, Elegant Heir returned \$3.00 to show.

Sado moved into second place behind Charlie Jr. coming out of the gate. Jockey Don Brumfield made his move on the stretch turn and caught Charlie Jr. as the field of 12 older horses entered the stretch. Elegant Heir was going strongest at the end but missed the place position by a head.

Also in the field was Dust Commander, the 1970 Kentucky Derby winner. Dust Commander lost ground badly in the final strides and finished eighth.

The daily double, Lewmaisha in the first and Easy Going Gary in the second, returned \$819.

A consolation double of \$45.20 was necessitated when De Jr. was scratched before the second race began.

The crowd of 28,808 wagered \$1,372,872.

Mr. Spirit, winner in his last outing, heads a field of eight older horses entered in today's \$5,000 feature race at Oaklawn.

He will go the one mile and 70 yards carrying 105 pounds, including jockey James McKnight.

Others in the field, all carrying 115 pounds, are: Legal Advice, Black Chapparral, Ariel Hiatus, Khanhai Warrior, Marion Boy, Mejoor and Mrs. Colleon.

Cannon and Rockets Shot at Floridians

By THE ASSOCIATED PRESS
The Floridians of the American Basketball Association faced a firing squad Sunday night that included a Cannon and Rockets and it was just too much for them to survive.
Larry Cannon's short bank shot with 19 seconds left in overtime gave the Denver Rockets a 142-141 victory over the Floridians and affected the chase for the fourth and final playoff berth in both the East and West Divisions.
The fourth-place Rockets lead Texas by three games in the West while the Floridians trail fourth-place Pittsburgh by 2½ games and fifth-place Carolina by one game in the East.
Elsewhere, the Utah Stars edged Memphis 108-106, the Indiana Pacers shaded Kentucky 127-122 and the New York Nets nipped Virginia 123-121.
Saturday night, Stew Johnson set an ABA record of 62 points as the Pittsburgh Condors whipped the Floridians 142-129. New York downed Carolina 127-112 and Indiana defeated Texas 124-112. The old record of 59

The Christian Athletic Association's Basketball season ended recently with Bethony Baptist Team of Spring Hill taking first place. Second place went to the Calvary Baptist squad.
Top photo shows the Bethony players, left to right, kneeling: Turner, Ward, and Anderson. Second row, Don Johnson, President of Christian Athletic Assn., Archer, Linsey, Jones, Stephens, and Downs.
The second photo Calvary players, front row: Pine, Starkey, Thompkins. Back row, Mr. Johnson, Schrader, Warren Plyler, H. Plyler, and Verser.
The bottom photo shows Mr. Johnson presenting regular league championship trophy to Al Zimmerabner who represented the First Baptist Church. Others on the team include: Harris, Higgins, Solomon, Long, Griffin, Adcock, Thrash, Gunter, Burnett, Tolleson, and Maples.

points was set last season by Denver's Spencer Haywood, now in the NBA.
Byron Beck paced Denver Sunday night with 36 points and Cannon fired 35. The Floridians were led by Mack Calvin, who scored 33 and tied the score on a three-point goal with three seconds left in regulation time.
Utah's Glen Combs picked up a loose ball and scored a three-point basket with one second left to pull Utah past Memphis.
Willie Wise paced the Stars with 28 points and Zelmo Beatty added 26 while James Jones had 23 for the Pros and Steve Jones 21.
Second-place Indiana remained two games behind Utah

Way Ulan Took 600 Yard Run Surprising

By TOM SALADINO
Associated Press Sports Writer
PRINCETON, N.J. (AP) — The team title went to Villanova, as usual. But the surprise was not Tom Ulan of Rutgers capturing the 600-yard run but the way he did it.

"I was stunned. I still don't believe it," said Ulan, after he ran a 1:08.5 for the 600, a meet record at the annual ICA indoor Track and Field Championships concluded Saturday.

The two-day affair at Jadin Gymnasium attracted 66 colleges and nearly 1,000 athletes and produced three meet marks and a relay record.

Ulan, who captured the 400-meters in Italy at the World University Games last summer, has run on the indoor circuit with some success but Saturday's clocking was the best ever by a collegian, excluding Houston's five-lap track in the Astrodome.

And it was the fourth fastest ever indoors at 600 yards. Only world record holder Martin McGrady, 1:06.6 and Olympic 400 meters champion Lee

Texas Aggies Get Another Chance at Owls

By THE ASSOCIATED PRESS
The Texas Aggies get a chance to even the score with the Rice Owls this weekend when the two Southwest Conference track teams join LSU in a triangular meet at Baton Rouge, La. Saturday.

The Owls, with outstanding performances from Dave Roberts and Steve Straub, dethroned the Aggies Saturday by winning the 39th annual Border Olympics University Division title by a 57-57½ point margin.

The weekend before, the Aggies and Owls battled to a tie in a dual meet at College Station.

In other Texas track activity this weekend, Texas and Baylor meet in a dual meet at Austin and Southern Methodist begins competition in the NCAA Indoor meet at Detroit on Friday.

Other Saturday meets include Arkansas at Kansas State and Texas-Arlington at Texas Tech in dual matches and SMU continuing in the indoor meet.

Rice's victory at the Border Olympics was the highlight of the weekend track calendar which also included the Arlington Relays and a dual meet at Abilene Christian against Iowa State.

Roberts easily established a new Border Olympics pole vault record with a leap of 16 feet 7 inches after officials rearranged the runway to avoid 30-mile per hour wind gusts. The old mark was 15-8 by Texas' Mark King in 1967.

Straub helped the Owls get the points they needed to edge the Aggies for the team trophy with his outstanding leg on the Owls' winning mile relay event. Rice's time was 3:12.4.

Texas finished third with 37 points followed by Houston, 33, SMU, 23, Lamar Tech 22½, Texas Tech 17, and TCU, 14.

Howard Payne's Junior Lee was voted the meet's outstanding performer with two victories and a second place finish in distance races. Lee won the mile in 4:12.6, the 880 in 1:52.3 and finished second in the three-mile run.

In the College division, Dallas Baptist beat out Texas Southern 61-41. Howard Payne was third with 39 points followed by Texas A&I 27, Sul Ross 14, Sam Houston, 14, S. F. Austin, 12, Wayland Baptist, 8, Southwest Texas 8, Trinity, 7, Mexico Poly 6, Tarleton State 3, and Club Athletics, 3.

New Mexico Junior College won the junior college division and Edinburg took the high school title.

Oklahoma State successfully defended its Arlington Relays crown by a comfortable 95-66 margin over runner-up Baylor. Oklahoma State accounted for three meet records and Baylor's Danny Brabham's 25-foot 1½ inch long jump also was a record.

North Texas State was third with 30 points followed by Texas A&I 27, Sul Ross 14, Sam Houston, 14, S. F. Austin, 12, Wayland Baptist, 8, Southwest Texas 8, Trinity, 7, Mexico Poly 6, Tarleton State 3, and Club Athletics, 3.

Evans have done faster.

Nobody caught Ulan with Fred Govan of Villanova second two seconds to the rear and nobody caught Villanova for the team title as the Wildcats of Jim "Jumbo" Elliott romped to their fifth consecutive title and 12th in 15 years.

Villanova had 41 points to 21 each for Pittsburgh and Penn.

Other records falling were the pole vault, Jerry Klypo, Villanova, 16-4½; the two-mile, Jerry Richey, Pittsburgh, 8:42.1; and the two-mile relay by Villanova with Marty Liquri and Chris Mason running the final two lengths, 7:31.6.

Liquori started Villanova to its triumph with a 4:06.1 victory in the mile and Mason was second in 4:06.9, giving the Wildcats 10 points, on the basis of 6-4-3-2-1 and they were never headed.

Petty Scotches Notion He Had to Have Post

RICHMOND, Va. (AP) — Richard Petty usually starts NASCAR Grand National stock car races from the pole position or near the front of the pack, but any notion he couldn't win when he had to start dead last has been scotched.

The 34-year-old Randleman, N.C., driver was relegated to 30th position in a 30-car Richmond 500 field Sunday because of a minor engine rules infraction that prevented his qualifying.

It took him 30 laps to move to fifth position in the 1971 Plymouth and by the 234th circuit in the 500-lap event, Petty had grabbed the lead.

He never relinquished it in taking his 121st career victory and \$4,425 in the \$25,000 event. Petty's victory total is twice that of any other active NASCAR driver.

Petty averaged 79.836 miles per hour over the .42-mile oval. His closest pursuer was Bobby Isaac of Catawba, N.C., who finished second nearly three laps back.

Isaac won \$2,525 while third-place finisher Benny Parsons of Ellerbe, N.C., took home \$1,725. Fourth was Bobby Allison of Hueytown, Ala., who won \$1,725. Dave Marcis of Skyland, N.C., who started in the pole position, finished fifth, winning \$925.

Detroiters Blow a 20 Point Lead

By THE ASSOCIATED PRESS
The Walls in Detroit may come tumbling down pretty soon... just like the Pistons' National Basketball Association playoff hopes.

The Detroiters blew a 20-point lead in the final 13 minutes Sunday night and bowed to the Cleveland Cavaliers 104-100, virtually killing their playoff chances.

It was especially distressing because Chicago and Phoenix, the two teams ahead of the Pistons in the race for the second playoff spot in the Midwest Division, also lost—to Los Angeles and Baltimore, respectively, by identical 117-108 scores. "The game is won by thinking, 'We—the team,' but we play for a while like that and then it gets to be 'I,'" moaned Coach van Breda Kolff of the Pistons. "We stop moving, we stop playing the game. It's the same reason we've been losing leads all season."

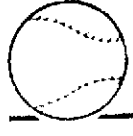

Elsewhere, the Atlanta Hawks beat Cincinnati 122-112, the New York Knicks downed Boston 116-110 and the San Diego Rockets whipped Portland 135-121.

In the ABA, it was New York 123, Virginia 121; Utah 108, Memphis 106; Denver 142, the Floridians 141 in overtime and Indiana 127, Kentucky 122.

The Pistons, despite Dave Bing's 30 points, trail Chicago by four games and Phoenix by 2½. Bobby Smith, who paced Cleveland with 28 points, snapped a 100-all tie with 29 seconds left as the Cavaliers won only their second road game. They are 13-61 over-all.

The Lakers, who had dropped three games since losing Jerry West last week, got 23 points from Gail Goodrich, 22 from Happy Hairston and 20, along with 32 rebounds, from Wilt Chamberlain in beating Chicago. Bob Love paced the Bulls with 20.

Clark Martin and Gus Johnson, paced a third period surge that enabled Baltimore to pull away from Phoenix. Martin had

form charts

1971 BY NEWSPAPER ENTERPRISE ASSN.

Los Angeles Dodgers

National League—West

PROSPECTUS: Walter Alston, starting his 18th season as manager, solved his biggest problem—the lack of power hitting—with two off-season trades. Richie Allen, from Cardinals, and Duke Sims, from Indians, are the type of hitters he has needed the last few seasons. If Alston plans to go out a winner, this could be his year. The Dodgers, always hungry, now have the finely balanced team they need to beat the Reds, whose bulging wallets are likely to bog them down in the fat-cat syndrome.

Richie Allen

Claude Osteen

PITCHING—Dodger staff is formidable. Bill Singer recovered from hepatitis last season, finished with 8-5 record and a no-hitter. Claude Osteen, 16-13 last year, is still around. So is Don Sutton (14-13). Al Downing, from Milwaukee, may help. Best of newcomers could be Sandy Vance, 6-7 last season. Rating: A

CATCHING—Sims joins Tom Haller and Jeff Torborg, the incumbents. Joe Ferguson, a 24-year-old, also a candidate. Rating: B

INFIELD—Was Parker will stay at first after his best season—.311 average with 111 RBIs. With Ted Sizemore gone, Bill Grabarkewitz takes over second base. He hit .289 last year with 17 home runs and 84 RBIs. Maury Wills (.270 with 28 stolen bases) stays at short, Bill Sudakis (.264 with 14 home runs) at third. Bill Russell also plays third. Rating: B+

OUTFIELD—Allen will take over left field. He hit .279 with 34 home runs and 101 RBIs for Cards last season. Willie Davis (.305) remains in centerfield, Manny Mota (also .305) in right. Rating: A

ROOKIES TO WATCH—Besides Ferguson, Bill Buckner has chance of sticking. He is an infielder. Tom Paciorek, a 24-year-old outfielder, has outside chance. And Alston will have to decide what to do with short-stop Bob Valentine, who may be the best rookie in baseball.

Predicted Finish: 1st in West

Russell Is Learning to Switchhit

By THE ASSOCIATED PRESS
Bill Russell is learning the art of switch-hitting in the Los Angeles Dodgers' spring training camp.

His hands are steadily improving—but there's nothing wrong with his feet, either.

Russell slugged hits from both sides of the plate and capped his day's work with a steal of home as the Dodgers turned back Atlanta 10-2 in a rain-shortened exhibition baseball Sunday.

The outfielder, a natural right-handed hitter, belted a home run righthanded and a double from the left side, driving in a run with each. Russell also walked in the sixth inning and later stole home as the Dodgers' completed a double steal off Atlanta pitcher Dick Grant and finished the rout with a four-run inning before the rains came.

Elsewhere in the Grapefruit League, Minnesota defeated Detroit 4-3; the St. Louis Cardinals downed the New York Mets 5-2; Pittsburgh nipped Philadelphia 3-2; Montreal stopped Washington 1-0; a squad composed of several teams topped Kansas City 5-1; Boston beat Houston 8-7; the Chicago White Sox ripped Cincinnati 5-1; Baltimore toppled the New York Yankees 4-3 and Milwaukee slugged Oakland 3-2.

In the Cactus League, it was Cleveland 7, San Francisco 3; San Diego 5, Tokyo 3 and the Chicago Cubs 7, California 5.

Hank Aaron hit his first home run of the spring for Atlanta, but it wasn't enough to overcome the Los Angeles' firepower. In addition to Russell, Bill Grabarkewitz hit a bases-loaded double in the fourth in-

ning. The Dodgers just rolled it up after that, scoring three runs in the fifth and fourth in the sixth.

Al Downing, making his bow as a Dodger, got the victory with two innings of three-hit relief pitching. Richie Allen another new Dodger acquisition, played left field, made a fine running catch and doubled.

Rookie Paul Powell knocked in two runs with a double and a single to lead Minnesota past Detroit. Powell's single knocked in the deciding run in the seventh inning. Pete Hamm was credited with the victory.

Lou Brock started a two-run fifth inning with a homer and St. Louis held off New York. Bob Gibson, St. Louis' two-time Cy Young winner, was tapped for two Met homers in three innings, but the Cardinals got fine relief pitching from George Brunet and Moe Grabowsky.

Rookie catcher Charlie Sands slammed a two-run homer to pace Philadelphia over Pittsburgh. The 23-year-old Sands hit the round-tripper off Ken Reynolds, who was called in to relieve starter Jim Bunning.

Jim Fahey's two-out homer in the first inning was the only run of the game in Montreal's rain-shortened victory. The Expos held off Washington behind the seven-inning shutout pitching of Mike Wegener, Bill Stoneman and Claude Raymond.

Ed Crosby's bases-loaded triple broke a tie in the ninth inning, sending the major league "All-Stars" past Kansas City. Loser Bill McCool walked winning pitcher Jim Magnuson of the Chicago White Sox to force in one run before Crosby, of the St. Louis Cardinals, drove in three more with his drive to right.

Boston rallied on homers by Mike Flore and George Thomas to overtake Houston.

Rookie Rich McKinney had a perfect day with three hits and a sacrifice fly and Carlos May struck a homer to help the White Sox beat Cincinnati.

Chico Salmon's homer leading off the ninth paced the Yankees over the Orioles; Floyd Wicker doubled with two out in the eighth to score two winning runs for Milwaukee; Cleveland scored five runs in the eighth to trim the Giants; Clarence Gaston homered in the San Diego victory and six runs in the sixth carried the Cubs past California.

A Rumanian Sweep in Tennis Play

HAMPTON, Va. (AP) — The U.S. indoor tennis tournament turned out to be a Rumanian sweep.

Top-seeded Ilie Nastase took the singles title Sunday with a 7-5, 6-4, 7-6 victory over Clark Graebner of New York City, then teamed with countryman Ion Tiriac for the doubles crown with a 6-4, 4-6, 7-5 triumph over Graebner and Tomas Koch of Brazil.

Nastase spoiled Graebner's bid for the richest payday in pro tennis history. Had the New Yorker won the title, he would

Philadelphia, Minnesota in Replay

By HAL BOCK
Associated Press Sports Writer
Minnesota and Philadelphia are staging their own little replay as the National Hockey League season steams into its final stages.

The North Stars beat the Flyers out of a playoff berth in the final game of last season and the same two teams are locked in a title battle with Pittsburgh for the final two West Division berths this year.

Minnesota took over third place Sunday with a 3-1 decision over Philadelphia and Pittsburgh picked up ground on the Flyers by rallying for a 3-3 tie against California.

Elsewhere Sunday, Montreal trimmed Detroit 4-1 in a nationally televised game, New York have won the \$10,000 first prize, plus the \$10,000 first-place money of the top 10 sweepstakes for independent touring professionals.

As it turned out, Nastase took second in the sweepstakes and won a total of \$18,250—first place in the tourney, \$7,500 for second in the sweepstakes and half the top doubles money of \$1,500.

Graebner collected \$14,350—the sweepstakes, the tourney's runner-up, \$4,000 and half of \$700 in the doubles.

stopped Los Angeles 4-2, Boston downed St. Louis 4-1, and Buffalo clipped Vancouver 6-3.

In Saturday's games, Detroit tied New York 2-2, Montreal blasted Los Angeles 8-2, California and Philadelphia played to a 4-4 tie, Chicago and Toronto tied 2-2, Boston whipped Pittsburgh 6-3 and Minnesota stopped Vancouver 3-1.

The Penguins needed a three-goal rally to gain a tie against California. The Golden Seals led 3-0 after two periods but Pittsburgh came back on goals by Andy Bathgate, Syl Apps and Wally Boyer inside of 7½ minutes.

Montreal got two goals by Frank Mahovlich to beat Detroit in the TV game. The Canadiens, who have lost only one game in their last 12 starts, led 3-0 before Detroit defenseman Arnie Brown spoiled goalie Rogation Vachon's bid for the shutout.

The Canadiens are locked in third place in the East race, 10 points ahead of Toronto and 13 behind New York.

The second place Rangers stretched their unbeaten streak to eight games and increased their season point total to a club record 93 by whipping LA. Ted Irvine scored three goals, all of them in the third period, to rally the Rangers past the Kings.

Boston, running 10 points ahead of the Rangers at the top of the East Division race, knocked off St. Louis as Phil Esposito scored his 57th goal of the season.

Big 10 Wants to Compete in NCAA Play

CHICAGO (AP) — The Big Ten opens its winter meetings today and high on the agenda is an amendment if approved, would allow the conference to compete in the National Invitational Basketball Tournament.

Previously, the Big Ten champion automatically qualifies for the NCAA Basketball Tournament but all other members have been denied post-season competition.

At the meetings in December, however, the Big Ten acted to allow the conference runnerup or any other also-ran to accept a bid to the 16-team NIT which begins later this month in New York.

Ohio State, having clinched at least a tie for the title, appears headed for the NCAA. If positive action is taken, the NIT could select among such high finishing teams Michigan, Indiana or Purdue.

Michigan still has a chance to tie Ohio State in which case a playoff would be held to determine the NCAA representative.

The Big Ten also is expected to formally approve a proposed five-year lease for the NFL Chicago Bears of Northwestern University's Dyche Stadium.

In December, the conference tentatively approved permission for Big Ten members

Monday, March 8, 1971 to use their discretion in granting campus facilities to use by pro teams.

The proposal was hinged on a "need" factor and Northwestern, the only privately endowed institution in the Big Ten, is yearning for the \$2.2 million in income the Bears would provide under the five-year lease.

This Promises to Be Year of Ferrari

By KENNETH L. WHITING
JOHANNESBURG, South Africa (AP) — This promises to be the Year of the Ferrari in Formula One, based on the performance of the blood red cars in the first championship race of 1971.

It could also be something rarer in Grand Prix competition—the year of a driving champion from the United States. A steady performance by Mario Andretti of Nazareth, Pa., won Ferrari the South African Grand Prix at Kyalami circuit Saturday.

The victory gave Andretti, 31, nine points toward the driver's title. The only other U.S. competitor ever to win the Grand Prix driving crown was Californian Phil Hill in a Ferrari in 1961.

Asked if he was conserving his racer for a final burst, Andretti told newsmen, "Hell no, I went flat out."

Try to think of her as your mother.

Sure, your telephone service representative may be a far cry from the Mom we all know. But she does possess some of the qualities that make Mothers special.

Things like looking after you. She'll see that your telephone service best fits your individual needs. If you call with a

question about your phone service, she'll listen and give you the answer—or get it for you. No, she can't give you a mother's love, but she'll put the same warmth into providing your telephone service as Mom put into those apple pies. "We may be . . ."

Southwestern Bell

THE BUSINESS of this campus would appear to be business. Students sell handmade jewelry, pottery, leather work and similar craft items at San Francisco State College, two years ago the battleground of a violent student-police confrontation.

Many Said Living on Garbage

SAN FRANCISCO (AP) — City officials say hundreds of young people living in an assortment of homes on wheels are strewing garbage and human wastes in the streets, causing concern for public health.

"First it was the 'flower children' invading the Haight-Ashbury district during the mid-1960s," said David P. Roche, head of the police department's legal affairs office. "Now we've got the 'garbage children' scattered all over the city."

They've squatted with their vans, trucks, campers, buses and cars in some of the most scenic areas near marinas, waterfronts, beaches and parks.

To combat the problem, the police and health departments will ask the San Francisco Board of Supervisors to enact a new police code section barring

HOPE (ARK.) STAR, Printed by Offset

anyone from living in the parked vehicles between 10 p.m. and 6 a.m.

Violators would be liable to a maximum fine of \$1,000 and six months in jail.

"It is aimed solely at squatters who take up residency in their vehicles on the streets, parks and other public places," Roche said.

"It would not affect legitimate tourists and families traveling in campers, trailers or autos, who usually do not camp out like gypsies in a metropolitan city," he added. "They could still come here and park while they sight-see or visit."

A health department spokesman said the practice of squatting in vehicles began about two years ago.

"There's no garbage collection for these nomads," Roche said, "so either they just throw the stuff out for the rats or they use street receptacles, which means the city is doing their garbage collecting for them."

"None of these mobile living quarters is connected with sewer lines. Some of the better behaved people dump wastes into street sewers, with pretty disagreeable results when there is no rain for flushing."

Sees Need for Agreement on Missiles

By FRED S. HOFFMAN

AP Military Writer

WASHINGTON (AP) — Sen. Henry M. Jackson, D-Wash., says his disclosure that Russia is deploying new long-range missiles "points up the need for an over-all agreement with the Soviet Union to limit both offensive and defensive weapons."

The Washington senator's disclosure, supported by the Defense Department, came Sunday, only a week before U.S. and Soviet negotiators return to the strategic Arms Limitation

er lines. Some of the better behaved people dump wastes into street sewers, with pretty disagreeable results when there is no rain for flushing.

"What we hope to encourage," Roche added, "is for people to move on to trailer parks for the night."

Talks in Vienna.

It also followed by three days President Nixon's clear rejection of a Soviet proposal to reach agreement covering anti-missile defense systems separately from offensive weapons.

This timing led to speculation that the Nixon administration has fed Jackson information about the new Russian missile development.

Though a Democrat and a possible Nixon opponent next year, Jackson agrees with the administration on many defense issues.

Jackson spoke of "huge new missiles" superior to and as big or bigger than the giant SS9 rocket, already considered a powerful threat to the U.S. land-based Minuteman missiles.

Jackson first spoke Sunday on the CBS radio-TV program "Face the Nation." He expanded his contention in a telephone interview after the show.

Until now, the administration took the position that it was trying to understand Moscow's slowdown in SS9 deployment. The SS9 can hurl a single warhead with the blast equivalent

Some British Post Offices Are Open

By ANDREW TORCHIA

Associated Press Writer

LONDON (AP)—Less than half of Britain's post offices reopened today after the system's workers voted overwhelmingly to end their costly 47-day walkout.

Postal chiefs appealed to the public to hold back all but urgent mail for a few days so they could clear the backlog of 11 million letters, plus another 60 million piled up in foreign countries. They said service might not be back to normal until the end of next week.

U.S. postal officials in Washington said the embargo they put on all mail for Britain at the start of the strike might be lifted today.

About 1,000 of the 1,700 main post offices did not reopen today because their staffs had to be tained in the new decimal system for money and stamps that came into effect during the strike. Limited deliveries of first-class mail were expected today, but second-class letters will not be handled until the backlog is cleared.

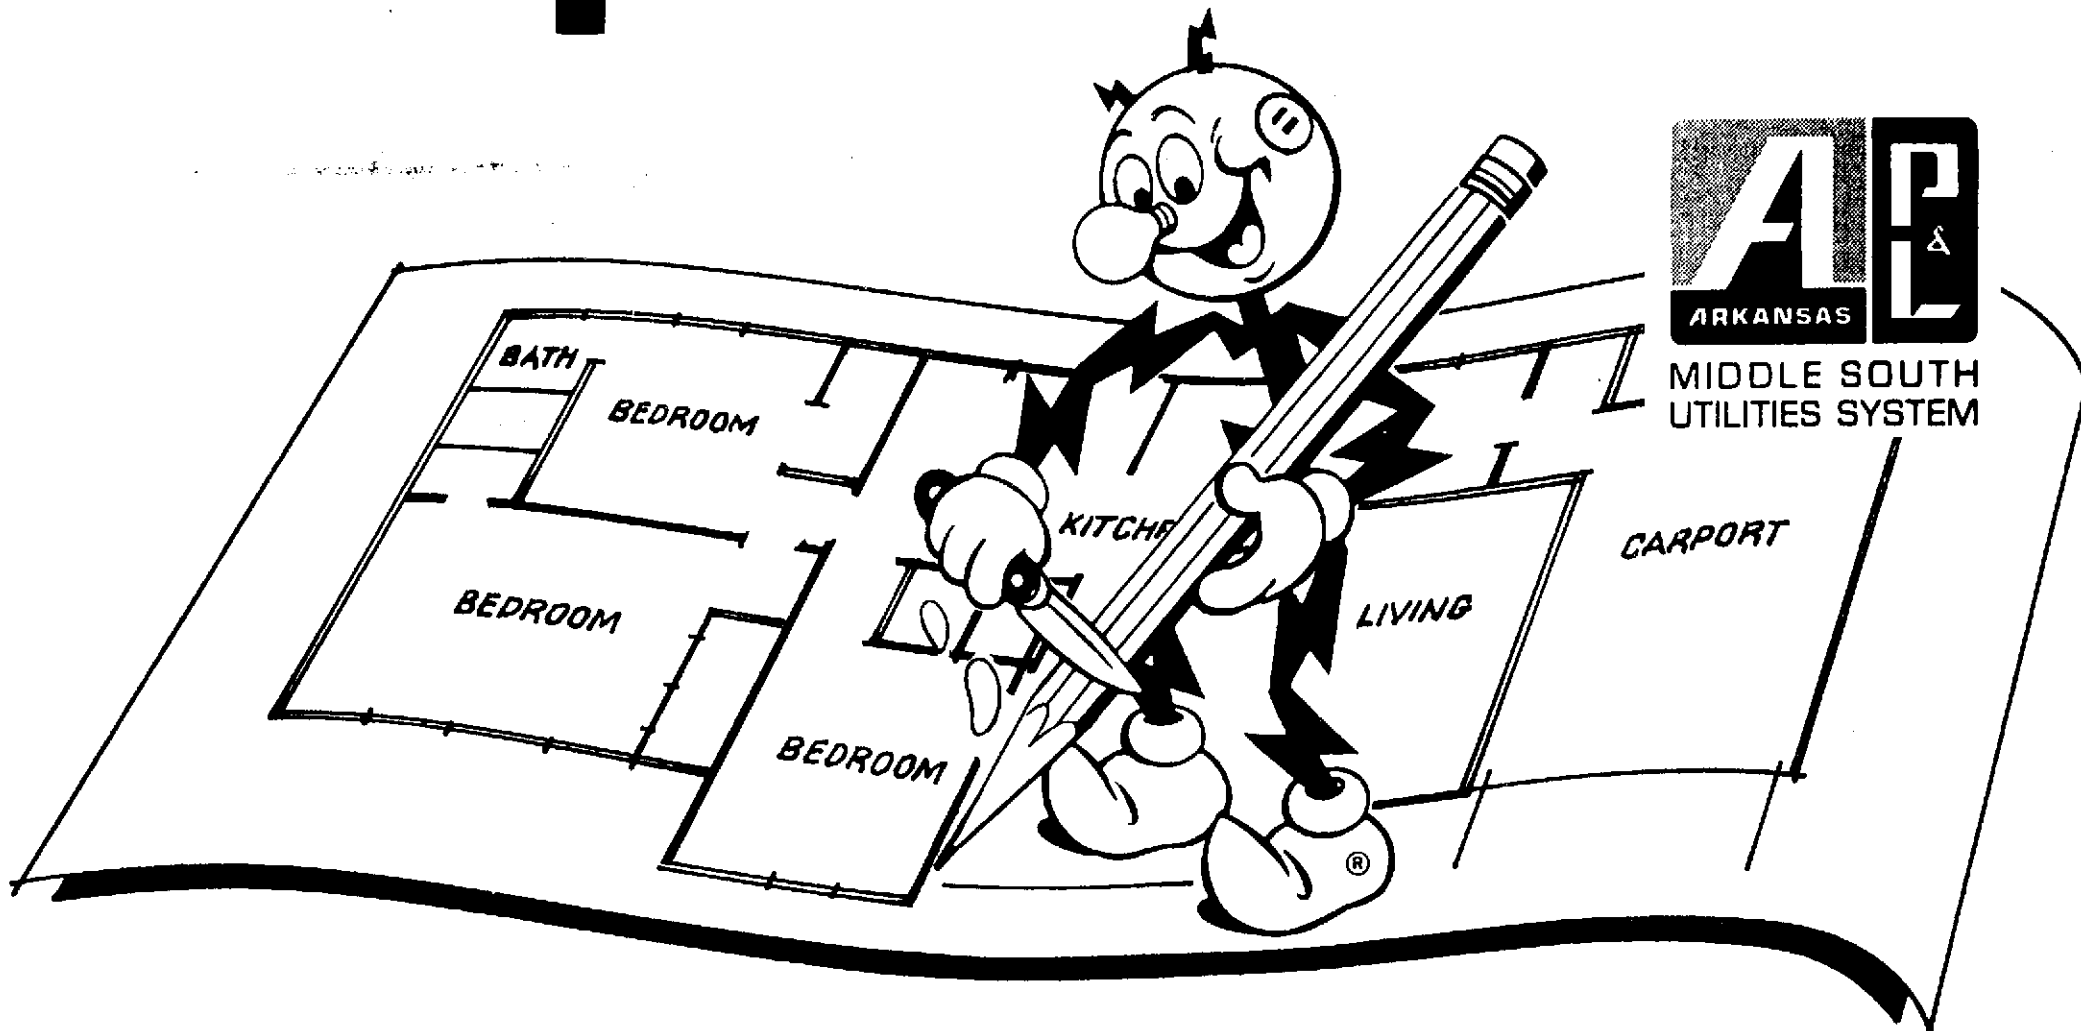

International telephone services requiring operator assistance and rural exchanges with operators were expected to be back to normal within a few hours. But all pay phones won't be available until full coin boxes are emptied.

Telegraph service resumed Tuesday.

In a Total Electric home there's little room for improvement.

And little room for comparison, either.

Upstairs, downstairs, all through the house, Total Electric makes your house a home.

Comfortable electric heating. Dependable electric cooling. Quick

recovery electric water heating. Self-cleaning electric range. Worksaving electric dishwasher. Convenient total electric laundry. Economical? You bet it is!

The average cost of Total Electric living for our customers is 91¢ per day. We just completed a study of more than 8,500 Total Electric homes on our system . . . small, medium and large. For some homes, the average was higher. For others, lower. But 91¢ was the average for people who wanted above average comfort and convenience.

Total Electric means that the biggest bargain in your budget is always Reddy.

Come on in and let's talk Total Electric about your home.

SPACE-AGE HULA HOOP is actually a lunar escape system simulator (LESS). Set up at NASA's Langley Research Center, Hampton, Va., it can be operated by the pilot's body motions. Tests have reached simulated orbital speeds and heights of 60 nautical miles, at which a stranded astronaut theoretically could be rescued by a moon-mission command ship for return to earth.

Shelves That Serve Needs

By MR. FIX

There's no such thing as a house with enough shelf space, unless it's an empty house. Live in a house awhile and you will soon find that there are not nearly enough shelves.

Even those that came with the house may not be what you want or need. The builder of your house had no way of knowing whether you wanted shelves hidden or displayed or what you might put on them.

For the same reasons don't go about slapping up shelves until you determine what you want them to hold. Plan carefully, whether you put up the shelves yourself or have the job done.

Whether it is books, hat boxes or cans of paint, what you put on the shelves will determine their size and strength.

If the shelves are for books, figure an 8-inch shelf as a minimum size. This size will take care of most books but if you can, put up some 10- or 12-inch shelves for oversize books.

If the shelves are in a fixed position, vary the distance between them. If they are adjustable you can vary the height as you fill them. Remember to allow some finger room for pulling out books, at least an inch or more. Place the wider shelves at the bottom, the narrower ones at the top.

Long-playing records may be 12 inches in diameter but in their cardboard jackets they measure a quarter inch more all around, so allow accordingly.

You can buy fully prefabricated shelves, shelf stock

that is veneered and sanded but not finished or you can start with raw wood. Let your pocketbook be your guide. The thicker the shelf, the less likely it will sag, but remember extra supports will always take care of sagging problems.

Shelves used in basement and garage can be made of the cheapest grade of sound lumber. Use economy grades for closet shelves. You will want attractive shelves in the living room, but remember that if you paint them don't buy the best grade of lumber — you will only be covering it up.

Shelf mounting hardware has become varied and sophisticated. The old-fashioned shelf bracket still exists, not only in its original form but disguised as handsome woodwork as well. You can buy brackets that do not go right on the wall but which fit in mounting strips that are in turn fastened to the wall.

Remember, too, that you can put up vertical supports of lumber and simply fasten wooden cleats on these. Cleats can be cut from short

pieces of wood and mounted with screws and glue. For greater strength (and if you have the power tools for it) cut grooves into the sides of the supports and set the shelves in these.

A back consisting of plywood or hardwood will make a bookcase more stable.

If you fill a wall with shelves provide extra anchorage. Toenail through the top into the wall studs. If there is a back to the shelves, run nails or screws into the wall studs.

WORLD ALMANAC FACTS

The term "rugged individualism" was popularized by Herbert Hoover during his presidential campaign of 1928. The World Almanac says: Hoover used the term to emphasize his belief that government support of free enterprise and individual business initiative would benefit the entire nation.

DR. LAWRENCE E. LAMB

No Link to Birth Defects

By Lawrence Lamb, M.D.

Dear Dr. Lamb—About a year ago, before the government banned cyclamates, I received a report from the FDA stating that among other things the use of cyclamates caused chromosome damage in mice. This has bothered me ever since. I have had one child, three years ago and am pregnant with the second. So I am bothered even more now. I have talked to three doctors about this and they just laughed it off. Well, I am wondering if all this worry is unfounded. I would appreciate it if you could answer this since I am having such a hard time getting a straight answer.

Dear Reader—I understand your concern but you can relax. The experiments were based on injections of large doses. You couldn't absorb an amount from the digestive tract to equal the injection given the mice. There has been NO EVIDENCE of birth defects in humans caused by cyclamates despite the consumption of tons of it by millions of people. No one can guarantee a baby will be absolutely normal even if the mother had never heard of any artificial sweetener, but you can be confident that your previous use of cyclamates will have no effects on your children.

Dear Dr. Lamb—In reading your articles I was reminded the medical profession hasn't found a cure for acne. Years ago my brother, now in law, was on the street and an old woman stopped him and said, "Say, sonny, if you will eat a big raw car-

rot, your face will clear up." Then a few years later his niece said to this man's wife, "What am I going to do about my face? I have gone to doctor after doctor and no one can help me."

"Well, why don't you do as your uncle did—eat a large well-washed but not scraped carrot?" She did and it cleared her face. I used it on two of my children and it stopped their pimples and they never developed any more.

Another thing I had to learn for myself is what causes bad breath. Too much fat and rich food makes the liver sick, no more than three eggs in a week in my case. Also a sick liver made me have bilious attacks.

Dear Reader—If a person has a vitamin A deficiency, carrots will help the skin. The richest source of vitamins in all vegetables is under the skin. Peeling them often wastes this good source. Perhaps some of the other readers will try your suggestion and let us know how well it works for them.

About bad breath, it is true that digestive upsets can cause it. Fats may cause anyone with liver or gall bladder disease to have indigestion. The American Heart Association would be pleased with your comment on limiting eggs to three a week—but the egg industry gets downright hostile about that.

(NEWSPAPER ENTERPRISE ASSN.)

Please send your questions and comments to Lawrence E. Lamb, M.D., in care of this paper. While Dr. Lamb cannot answer individual letters, he will answer letters of general interest in future columns.

By Oswald & James Jacoby

Oswald: "The rule to determine when declarer should try to draw trumps is a simple one. He draws them as soon as he can afford to do so."

Jim: "The rule is simple enough. Knowing when you can afford to draw trumps isn't so simple. Take today's hand. Declarer doesn't really need dummy's trumps to ruff hearts. He can set up dummy's club suit for discards."

Oswald: "That would be correct procedure if he were given time to go about his business, but when the hand was played East put up an annoying defense. He won the first heart and shifted to a diamond."

Jim: "This created a problem of timing. Should declarer play a trump right away East would lead a second diamond to establish a trick in that suit. South could knock out the ace of clubs, but it would be too late since East would get the diamond trick."

Oswald: "South saw this danger and went after clubs first in order to get one discard if he could. He won the

diamond lead with his king and led the club 10. West ducked; won the second club and led another diamond to dummy's ace. A third club was led. East ruffed with the deuce of trumps and South overruffed. Then South got back to dummy with a heart ruff and led a fourth club. East could only ruff with the ace of trumps this time so South was able to get rid of his diamond loser."

Jim: "If West had been able to see all the cards he might have opened a diamond and left South with no way to score 10 tricks."

BIRDMAN OF WALES Sam Barnes with Atalanta, his Berkut eagle and said to be the only such bird in captivity in the West. Below, Barnes, with the aid of his collie, Shep, launches Atalanta. Self-taught naturalist and falconer, Barnes obtained Atalanta in Russia's Kirghiz Republic where the bird, with a wingspan of nine feet and talons four inches long, was trained by nomadic tribesmen for hunting. He has written a book, "Bird of Jove," on his experiences with Atalanta.

Debut of Mrs. Kennedy Is a Success

By BOB THOMAS

Associated Press Writer
HOLLYWOOD (AP) — The piano keys stuck and she couldn't read the cue cards, but otherwise Joan Kennedy's debut as a television performer appears to have been a success.

At least that was the feeling at NBC, where the wife of Sen. Edward Kennedy played piano and exchanged banter with Andy Williams and Henry Mancini on Williams' variety hour. The public can make its own decision when the taped program appears March 27.

Before leaving for her Washington home, the blonde Mrs. Kennedy talked about the experience.

"Of course I've done a lot of interviews and press conferences, but it has always concerned politics. This was the first time I've been involved in an entertainment show, and it was terribly confusing, but fun."

Mrs. Kennedy, who studied piano in college and has appeared as soloist with the Boston Symphony, said the whole thing was Williams' idea. He broached the subject when he and his family were skiing with the Edward Kennedy family as well as Ethel Kennedy and her children at Sun Valley last Christmas.

The senator's reaction? "Ted thought it was a wonderful idea. He likes me to keep up with the piano."

Williams asked her to select a four-minute solo. She chose Debussy's First Arabesque. She also accompanied Williams on the theme of "Love Story."

"But just as we started the take, I discovered four of the keys stuck. So we had to wait until they took a smaller piano out of the orchestra." She finished her solo in one take, but required two for "Love Story."

newcomer to TV.

At 18 she worked as a model in commercials during a summer vacation. On joining the actors union, she used the name J. Bennett to avoid a conflict. Her maiden name: Joan Bennett, same as the movie actress.

Group Forms Against School Integration

DALLAS, Tex. (AP) — A group claiming representatives from five states was formed Saturday and said it will be a national organization to oppose school integration, busing, two federal departments and a federal judge.

Some 60 persons attended the regional meeting of the group, the Unified Concerned Citizens of America, a group spokesman said.

Speakers at the meeting expressed opposition to the Office of Economic Opportunity, the Department of Health Education and Welfare, sex education in the schools and U.S. District Court Judge Oren Harris of Arkansas. Judge Harris on Feb. 5 ordered a group member, John Norman Warnock, a Camden, Ark., lawyer, to stop activities opposing integration of Watson Chapel, Ark., schools.

They also spoke against sensitivity training, education aspects of the Model Cities program, the White House Children's conference, experimental drugs and the United Nations. Chairman, Dr. Mitchell Young of Texarkana, Tex., told the conference, "We're going to cover America with our strength."

Ornates of Spain Earns Top Money

PALEM BEACH, Fla. (AP) — Professional Manuel Ornates of Spain earned \$1,600 Sunday for singles and doubles victories in the Royal Palm Invitational Tennis Tournament.

Left-hander Ornates scored a 6-4, 6-1, 6-0 singles victory over amateur Eddie Dibbs of Miami Beach, then teamed with professional Edison Mandarino of Brazil for a 7-6, 6-3 doubles

Hawkins Has Changed Locks on Office

MORRILTON, Ark. (AP) — Sheriff Marlin Hawkins of Conway County said Saturday night that he had changed the locks on the sheriff's office to prevent the State Police from entering the office.

"This action will prevent any unauthorized person from entering my office after work hours, thus preserving the official records therein," Hawkins said. "In order to take further precautions I have employed a guard to watch the records during off working hours."

"It is a sad day in Arkansas when you are forced to padlock the doors to the sheriff's office to prevent a State Police director and a certain State Police trooper from conspiring and removing the official records from my office for which I am responsible," Hawkins said in a prepared statement.

Hawkins has charged that Col. Ralph Scott, director of the State Police, violated a state law by taking 400 traffic tickets from Hawkins' office, including about 100 belonging to the county.

He asked for an apology and a retraction of statements made by Scott.

Scott had said Wednesday that he had turned over the tickets to Prosecutor Alex Streett of Russellville because the tickets apparently had not been docketed in Municipal Court at Morrilton.

In a news conference Saturday afternoon, Streett said he did not plan to file an information against Scott concerning the tickets as requested by Hawkins.

Streett said in a letter to Hawkins that he could not see that Scott had violated an Arkansas law prohibiting obtaining public documents with the intent of injuring anyone.

In the letter, the prosecutor told Hawkins he still had two avenues of action open to him.

He said Hawkins could ask the grand jury to investigate the matter, but Streett said it would be his duty as prosecutor to present the case to the jury. "Since I don't believe there was any violation, I would not present the matter to the grand jury unless they asked me," Streett said.

He also said that Hawkins could obtain a warrant to arrest Scott by showing that Scott had violated the law.

"I would caution that prior to taking any such action you consult private counsel of your choice," Streett said.

Streett said that Scott "apparently sent one of his troopers to get an undisclosed number of State Police tickets."

"This was done for the purpose of determining why there had not been a judicial disposition of the tickets," Streett said in the letter.

Streett said that when Scott received the tickets and had found the county tickets, he immediately asked the prosecutor what action to take. Streett said he told Scott to send the county and the state tickets to his office for investigation.

SPORT SHORTS

By THE ASSOCIATED PRESS
BREMEN, Germany (AP) — American women swimmers took three first places at the International Bremen Tournament competed by 12 nations.

Susan Atwood of Long Beach, Calif., took two first places by winning the 200 meters medley in 2:26.6 and the 100 meters back stroke in 2:21.9. On Friday Miss Atwood won the 400 meters medley in 5:07.0.

Lynn Collella, Seattle, Wash., won the 100 meters butterfly in 1:05.2. She had won the 200-meter event Saturday in 2:19.6.

Lynda Kurtz, Casto Valley, Calif., was third in the 200 meters breast stroke event, clocked at 2:46.6.

BURNABY, B.C. (AP) — Tracey Finnerman of the Santa Clara, Calif., Swim Club set a Canadian and American record Sunday in the senior women's 400-meter freestyle at the Canadian Dolphin eighth annual international swim meet.

She was clocked at 4:30.4, breaking the mark of 3:31.6 set in Vancouver in 1968 by Debbie Meyer of Sacramento, Calif.

triumph over Dibbs and Luis Garcia of the University of Miami.

King Outscores Sen. Muskie

LAGOS, Nigeria (AP) — Sen. Edmund Muskie, D-Maine, has learned that King Adeyinka Oyekean — has outscored him 5 to 1 in the fatherhood department.

The king told the senator and Mrs. Muskie Sunday he has five wives and 25 children. The Muskies have five children.

"But I'm not an obo," Muskie commented. Obo means king.

The senator, on an African tour, plans a series of closed-door meetings with national leaders this week.

Yes, Maureen, There Is a Shamrock

By JERRY BAULCH

Associated Press Writer
WASHINGTON (AP) — "Yes, Maureen, there is a shamrock," says the National Geographic Society. "The trouble is no one, least of all the Irish, can decide which plant should bear the honored name."

Eight varieties of three-leaved plants are commonly and dotmatically called the "true" shamrock—"chosen leaf

of bard and chief," the society says in a St. Patrick's week report.

It seems Nathaniel Colgan, a member of the Royal Irish Academy, tried to settle the question in 1891 by appealing to all of Ireland's 32 counties for specimens of the one and only shamrock.

From 21 counties Colgan turned up four distinct species: White clover, small yellow hop clover, red clover and black medic.

Other strong contenders, the society says, are zig-zag clover, wood sorrel, bird's-foot, trefoil and a currently popular selection, yellow-flowered clover.

Botanists usually hedge by listing two or three of the eight as probable shamrocks. But in 1952, the society said, a publication called the official Flora of the British Isles avoided the controversy like poison ivy. The Shamrock was dropped as a plant designation.

Irish growers, showing no favoritism, ship several varieties of shamrocks to the United States for St. Patrick's Day, the society said.

Despite the arguments, the society said, "almost everyone agrees that St. Patrick himself made the shamrock immortal. Ireland's patron saint, the story goes, picked a shamrock to il-

lustrate to a pagan leader the doctrine of the Trinity. He converted the chieftain on the spot."

Eating instead of wearing the green was an Irish custom for centuries after St. Patrick. The Society added that in his 18th century history of Ireland, Edmund Campion wrote: "sham-roles, watercresses and other herbs they feed upon; oatmeal and butter they cramme together."

The authorities even disagreed on which was the edible shamrock.

Advent is the period including the four Sundays before Christmas.
